- **Program Talk Time:** 45:40 min
- **Optional(Does not feed in Wegner)**: 05:00 min
- **Local Ad Time:** 06:10 min
- **Network Breaks:** *floating*
- **Local Breaks:** *hard time*

Ways to obtain the 'on demand' live podcasts:

A) When using an FTP Client (ie: Ipswitch WS_FTP) (Programs are found in the **SOL – Sons of Liberty** folder)
ftp.bbstalkradio.com
user: bbsbroadcaster@bbstalkradio.com
password: ((email us at contact@bbsradio.com for password))
port: 21

B) When picking up the current program from the SOL Audio RSS Feed
https://bbsradio.com/customshow/274794

C) When using a Browser:
Go to https://bbsradio.com/sonsoflibertyradio#archives and all productions are listed by date. Click into any episode and there will be a download link (download icon) located right under the audio player within each episode posted. The most recent program will always be available at the top of the program page located at

https://bbsradio.com/sonsoflibertyradio about 15 minutes after the live broadcast has ended.

D) Delivered to you via an Email containing the Download Link:
We can send you an email with a download link for the production files. Simply let us know and we'll send you emails, via **WeTransfer.com** every weekday, with the current program for download. Emails will go out no later than 4:30pm Eastern Time. If you need us to get you the program sooner than that, please let us know.
